Flying Teachers – your partner for a career in English Language Teaching

Would you like to become an English Teacher? Are you interested in teaching in Switzerland or worldwide? Have a look at the Cambridge English CELTA programme, which has been offered by Flying Teachers since 2001. More than 1000 teachers have done their course with us!

Cris Vieira Oberholzer
Head of the Cambridge
English Department,
Cambridge English CELTA / DELTA Tutor

My name is Cristina Vieira Oberholzer and I have been teaching English as a foreign language since May 1986. I started at Flying Teachers in 2002 and nowadays I teach Business English, exam preparation courses and I do a lot of online teaching. Additionally, I am the Cambridge English Exams Manager at Flying Teachers and teach Cambridge CELTA, TKT and DELTA courses as well as the SVEB Bridge. I am very happy to say that I have guided more than 1000 candidates towards achieving a Cambridge English Award. I believe that effective English Language Teaching focuses on practice and has the trainee at the centre of the learning process. I also believe that learning should take place in a supportive environment in which strengths and areas to work on are highlighted in a way which is constructive and humanistic. I am a mother of two teenagers and a very happy expatriate in Switzerland. It would be great to meet you in a future workshop or Teacher Training Course at Flying Teachers.

The Cambridge English CELTA

Flying Teachers offers full-time CELTA courses. The course will teach you the principles of effective teaching and a range of practical skills for teaching English to adult learners. You will have hands-on teaching practice, observe experienced teachers in the classroom and complete four written assignments.

Our courses are designed to help you achieve the teaching award and make the course an enjoyable learning experience. Our CELTA trainers have a reputation of being supportive and helpful: more than 1000 teachers have done the CELTA with us.

CELTA is both a challenging and a professionally rewarding experience. Trainees should be prepared to devote hours of study and research outside the training sessions each week. It is highly recommended that candidates should have no other commitments during the course.

You will be assessed throughout the course, with no final examination. An external assessor, appointed by Cambridge English, moderates each course.

The Certificate in English Language Teaching to Adults is an initial Teacher Training qualification that will enable you to teach English at private language schools in Switzerland and abroad. CELTA provides future teachers with the necessary foundation to plan and teach communicative lessons from the first day of a course on.

Testimonials

«The centre has taken exceptional care to ensure that its online CELTA course is delivered to the highest possible standard in every area. The trainers work well as a team.» Assessor who inspected the Flying Teachers CELTA course (CELTA Course, July 2020)

« I really liked the practical aspect of the training. I learned a lot by observing our course tutors, Cris Vieira and Spencer Burke, and my peers. I would say that the real learning occurs in the Teaching Practice slots and in the feedback sessions. It was a challenging and intensive course but that was what we had been informed in the interview session. I cannot really think of anything I did not like about my CELTA course at Flying Teachers Zurich.» Madeleine Spaans, November 2019

«I liked the balance of honest assessment with the emotional support and understanding. It was a very supportive learning environment and was very rigorous at the same time. An excellent experience all around. I have no major or even minor complaints. The course was described accurately to me from the beginning of the selection process. There were no surprises.» Mical Lewis, November 2019

«The pre-course interview was very good mental preparation for CELTA. I found myself having very clear instruction and a great amount of support from Cris. She was at school early every day and I could count on her when I needed guidance before, during and after class. She really went the extra mile. Nothing in this course was unclear. We received very concise instruction and enriching handouts.» Zelri Steinmann, July 2019

«The tutors were incredibly helpful and very dedicated to us trainees. We received a lot of guidance and a lot of helpful material to which I expect I will go back to often.» Lukas Kunz, July 2019

I have just spent the weekend attending the Bridge from CELTA to SVEB I. I can only recommend this course. The training sessions are taught as model lessons to give the participants ideas for the language classroom. The content of the course was relevant and the «model lessons» are a bonus. Cris did a great job.

« I did my DELTA Modules I and II with Flying Teachers Zurich and Cris Vieira was my course tutor. I would recommend Flying Teachers as a DELTA Centre without any reservations: The preparation courses are very well organised and the tasks really focus on the exam. We received feedback on our performance in the mock tests throughout the course. I also had Cris as my local tutor for Module II and she was always there for me. Thanks, Flying Teachers.» Caroline Lemmer, October 2019

The Teaching Knowledge Test (The TKT) is a test developed by Cambridge English Assessment for teachers who teach other languages. It is designed to test candidates' knowledge of concepts related to language and language use, and the background to and practice of language teaching and learning.
